BEN 74705

471 Application #191041937

FCC:

I am requesting a waiver for an extension to file a 471 for 2019-2020 funding year, if my previous waiver hasn't been accepted. I received another message through the USAC Portal that I had to finish my 471. I had already completed this in July, but I am filing it again. I have received nothing to indicate whether my waiver was accepted. The form 471 is complete and certified. Please let me know if I need to do anything more to get this process completed.

Sincerely,

A handwritten signature in black ink that reads "Michele Campbell". The script is cursive and fluid.

Michele Campbell, Principal
